UNDERDOG GAINS FAN SUPPORT, MOVES INTO FINALS

BronweN, a new phenomenon in Canadian Rock, has advanced to the final round of the prestigious Fashion Rocks Vancouver music competition. The preliminary round saw over 100 band entries, and 15,000 votes cast online.

BronweN entered her heart-wrenching piano rock tune, Eden, a full two months after the competition had begun. Despite her late entry, fan support was immense. BronweN finished the preliminary round in spot #2.

BronweN moves on to the finals where she will compete against 8 other bands for the coveted top prize. The final competition takes place over two nights at The Media Club, in downtown Vancouver. BronweN's performance is scheduled for August 17th. Industry professionals will be present to judge the live competition and help choose a winner.

The winning band will showcase at FMA Vancouver on September 30. FMA Vancouver is a combination of Fashion, Music, and Art, live on stage. International fashion designers and world renowned artists will take the stage with the best performers from this music competition.
